SOFT SKILLS

- Strong problem-solving
- Interpersonal Skills
- Collaboration
- Critical thinking
- Analytical skills
- Communication
- Leadership
- Attention to detail

WORK EXPERIENCE

Liquid innovations

Frontend Developer • 2023 - Present

- Using HTML5, CSS3, React.js, and Next.js, responsive user interface components were created. Working together with backend developers and designers, we produced scalable and easily accessible applications. Code separation, lazy loading, and asset optimization were used to improve performance.

Upwork Freelancing for various client.

Frontend Developer • 2020- present

- Designed and developed responsive, scalable applications using HTML5, CSS3, React.js, and Next.js. Collaborated with backend developers and designers to deliver optimized, accessible solutions for multiple clients, implementing code separation, lazy loading, and asset optimization for performance.

Tonad
