Lagos, Nigeria | +234 903 835 7956 | ogudavictor492@gmail.com

Portfolio: <https://victor-innovations.netlify.app/>

## Professional Summary

Versatile Full-Stack Developer and Creative Director with 5+ years of experience delivering end-to-end digital solutions. Skilled at building high-performance web and mobile applications and producing polished creative assets (branding, video, photo). Combines deep technical expertise with strong visual and storytelling sensibilities to take projects from concept to launch.

## Technical & Creative Skills

**Development:** HTML5, CSS3, JavaScript (ES6+), Node.js + Express, NestJS, React.js, React Native, Next.js, Django (Python)

**Tools & Frameworks:** Tailwind CSS, GSAP, Framer Motion, WordPress, Git, RESTful APIs, Webpack/Vite

**Design & UX:** Figma (UI/UX), Adobe Photoshop, Adobe Illustrator, Logo & Brand Identity, Photo Retouching

**Video & Motion:** Adobe Premiere Pro, Adobe After Effects, CapCut, Motion Graphics, Color Grading, Short-form Content

**Generative AI:** Gen AI Expert (Grok, Gemini, OpenAI, n8n) — prompt engineering, content generation, and workflow automation

## Work Experience

### Frontend Developer | Liqqid Innovations (Remote/On-site) — 2023 – Present

- Designed and implemented responsive UI components for web and mobile using React.js and Next.js.
- Collaborated with backend teams to deliver scalable, accessible applications with optimized performance.
- Applied code-splitting and asset optimizations to improve load times and user retention.

### Creative Media Specialist (Video & Design) | Freelance (Nigeria / Canada) — Jan 2020 – Present

- Produced short-form and long-form video content, including a TikTok series that generated 1.2M+ views.
- Delivered graphic design, branding, and marketing collateral for international and local clients.
- Partnered with professional photographers for advanced photo retouching and color correction projects.
- Managed multiple client projects concurrently, maintaining deadlines and high-quality deliverables.

### Full Stack Developer | Upwork (Freelance Remote) — 2020 – Present

- Built full-stack web applications for international clients using React.js, Next.js, and Django.

- Architected and integrated RESTful APIs, authentication systems, and database-driven features.
- Often delivered full branding packages alongside functional web applications (logo, UI/UX, assets).

#### **Frontend Developer (Internship) | Tonad — Jan 2019 – 2023**

- Developed and maintained user-facing features for company web applications.
- Ensured technical feasibility and fidelity of UI/UX designs across devices and browsers.

#### **Education**

**Full Stack Web Development** — Lagos School of Programming, 2023 – 2024

**Bachelor of Science (B.Sc.) in Physiology** — Osun State University, 2019 – 2023
